

CERTIFICATION OF ADEQUACY OF SEARCH ON "NO RECORD" RESPONSES

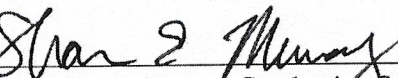

I, Sharon Murray, certify that I am employed by the Environmental Protection Agency, Region 9, Superfund Division, that I am familiar with the records requested, that I am responsible for conducting the search for responsive records for Request Identification Number EPA-R9-2014-003468, and that I have conducted an "adequate" search for responsive records by searching the below listed location(s) (as applicable):

1. CERCLIS database of potential hazardous waste sites
2. ACRES database of brownfields sites
3. Emergency Preparedness & Prevention Section records (RMP CDX Database, National Response Center Database, and ICIS Database)

I further certify that I am aware that a search for responsive records need not be perfect, only adequate and that adequacy is measured or determined by "reasonableness" of the effort of search in light of the specific request. Specifically, I have searched for the documents in all places that it is practical for the documents to be located. After conducting an adequate search for records on behalf of the Superfund Division, I have located no records responsive to this request or portions thereof.
